

# SIMPLY SIAM

Simply Siam is Harrogate's first town-central Traditional Thai Spa.

The techniques of massage practiced in Thailand (previously Siam) are world renowned and have a long history but their purpose is simple: to relieve and relax the recipient, leaving them feeling calm, peaceful and lifted.

At Simply Siam we offer a comprehensive range of traditional Thai spa treatments. You may choose from a simple traditional massage (a soothing way to end a stressful day or to prepare yourself for your day ahead) or why not truly pamper yourself and request a Thai herbal compress ball massage or enjoy the expertise of two masseuses in our Four Hands massage!

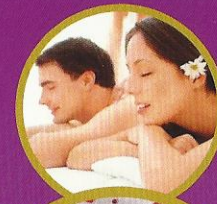

And perhaps you'd like to share your experience by taking a massage alongside your partner or a friend in our couple's room.

Whichever treatment you choose, we're sure you'll find your visit a relaxing one!
